2024 SOLAR ECLIPSE GUIDE

GET SEEN BY TENS OF THOUSANDS OF PEOPLE ON ADIRONDACK.NET!

On April 8th, 2024, the Adirondacks are getting ready for a rare treat - a total solar eclipse in the heart of the ADK. It's going to be big. Really big. And it won't be here again for another 70 years. We're putting together a guide with everything anyone will need - from the best places to stay to the coolest things to do and when and where to view. This guide will be available 24/7 on Adirondack.net, promoted in our newsletter six times and promoted on our social media every month.
